"Invisible"

I'm in pain baby,
A little hung over maybe
Have you seen my head
Has anybody seen my head
Just when did I become invisible
Tell me when did I become invisible

So sorry officer,
I'm so sorry officer
But have you seen my legs
Has anybody seen my legs
Just when did I become invisible
Can you tell me when I became invisible

I can walk through walls
Even through lives
Nobody notices my disguise
But tell me when did I become invisible

I was here yesterday
I'm sure I was here yesterday
Do you remember my face
Please remember my face
Just when did I become invisible
Tell me when did I become invisible

I can walk through walls
Even through lives
Nobody notices my disguise
But tell me when did I become invisible
