Far Away:

[Verse 1]

And it will stop  
a day that lasts forever  
Just as the sun sets  
It will rise at dawn  
for ever after  
And I'm sorry  
if it aint that sweet  
Just Living in the world you meet  
But that should never stop you

CHORUS

Because far away  
is close at hand  
There in the drifting sands  
And far away is close at hand  
In the imaginations  
of every woman and every man  
And I'm sorry if it aint that cool  
Just living in the world of fools

CHORUS

[Verse 2]

But it will stop  
All that you can see  
Is there to tell you  
Rain must fall  
For the sun to shine  
there down upon you  
And I'm Sorry if it aint that cool  
Just living in the world of fools  
But that should never stop you .....

CHORUS
