Come on then boys lets have us a drink  
Is there one there for me? is the cry  
IÂ´m sorry about me IÂ´m sorry about me mates  
Do you think we will last out the night  
We've had a slack hand Danny boys down a grand  
WeÂ´re having it down his ouse tonight  
Its getting harder to see maybe another dream  
Spiders will do me right

And weÂ´re having it round your ouse  
There IÂ´ve said it its out  
Well we know that youÂ´ll be about  
Cos weÂ´re aving it round your ouse

All I remember was we were a sight to be seen  
IÂ´ll remember for the rest of my life  
We had everyone there who had the bus fare  
But when they were gone we carried on  
And raised out the shout of masai

And weÂ´re having it round your ouse...

As well as our crew we had justice too  
The drivers were flying by night  
Compulsion arrived to drink ripple wine  
And soon we were messy as shite  
And midnight express was looking its best  
With none what was left came home for a rest  
To have it round our ouse as well

And weÂ´re having it round your ouse...
