"Zero Zero"

I try to Â... that way
Of getting information
I gotta walk away
Share like a suffocation

Call me zero, zero, zero
Call me zero, you are zero
Call me zero, zero, zero
Call me zero, you are zero-oh-oh-oh-oh-oh-oh

Another cloudy day, another observation
HeÂ's got to walk away
Downright the record station

Call me zero, zero, zero
Call me zero, you are zero
Call me zero, zero, zero
Call me zero, you are zero-oh-oh-oh-oh-oh-oh

YouÂ'll be coming around,
And youÂ'll be Â... station
Oh-oh-oh-oh
And youÂ'll be going around, until youÂ're going native
Like any social disease, it get me high as razors
To gather loss and wait, give me some information
Shake out and walk away
Share like a suffocation

Call me zero, zero, zero
Call me zero, you are zero
Call me zero, zero, zero
Call me zero, you are zero-oh

Call me zero, zero, zero
Call me zero, I am zero
Call me zero, zero, zero
Call me zero, you are zero-oh-oh-oh-oh-oh-oh
