Love, love will fill your heart
Love will break your heart
Love will heal you broken heart

What's love? love is what make the world go round
Love can lift you up, it can tear you down
Love is a sweetest joy, the deepest pain
Love I'd effortless, needs work to maintain
Love can make you stupid, luv can turn you dumb
Make you forget where you at, where you come from
Love it's a many splendid thing
Love can be forever or just be a fling
Love can began with a smile
Love between a mother and her child
Between siblings, love between friends
The power to heal hearts, to make amends
Love filled with laughter, end in tears
Fear can stop your love, love can stop your fears
Love the one above, make you stand tall
One love, it's all love, love one, love all

Oh berombak lagi, oh kisah dunia
Cerah jiwa gemuruh bergelora
Erti sebenar dunia sementara
Berlari kau ke sini dan ke sana
Berlari mencari nur kasih hatimu yang telah lama
Kau pejam hinggakan sesat dirimu
Tiada sangsi dalam diri bertikam dengan cinta gila
Semuanya hasutan sementara
Berubahlah jiwa ribut dunia
Melanda semua hakikatnya lorong berbeza
Cinta ku mungkin oh! beribu, yang tetap hanyalah
satu
