

Germ Bomb

"Black Hole"

Visit "[Black Hole](#)" on MotoLyrics.com

I'm innocent to all this mess
And all for no reason
I'm killing time
I can't move
I'm in this machine
I don't know what it does
I am broken inside
I can't see the end to this

Hours feels like days
Never ending
Let's spend some time
Do nothing at all

Ref:

I wanna heal
But I stumble
What do I have to give
Not to crumble

Ref 2:

I wanna feel
The way I used to do
I wanna steal
Everything you took from me
I wanna heal, I wanna steal, I wanna feel

I'm innocent to all this mess
And all for no reason
I'm killing time
I can't move
Body hanging from noose
Mind breaking free
In a black hole
My life fade away
