Suburban white trash fucked up intoxicated minds
Teenage wasteland oh just leave them behind

Leave them behind
Like dogs, like filth and scum
Leftovers, lost and blind

Ref:
You are infected from birth
Infected, infected
You were selected by earth /there's no cure or no hope
It is just a matter of time before you go

2
You are infected from birth
Infected, infected
You were selected by earth
It is just a matter of time before you die

3
You are infected from birth
Infected, infected
You were selected by earth
It is just a matter of time before you go... dead

Shattered, broken homes ready to explode
Longing to be someone else, someone at all
Someone at all

Searching, lying and cheating
Shouting to be heard at all
