No way in and no way out  
No way in and no way out  
This may sound strange to you  
But there's just where we're at

There's no doubt we will win  
Eventually we will get in  
This may be news to you  
But we will get you

\*Intoxicated,  
Intoxicated,  
Intoxicated,  
You will be drugged by us

Venom will expand your mind  
Venom just suits us fine  
It doesn't matter what you do  
We sure as hell will get you

Intoxicated,  
Intoxicated,  
Intoxicated,  
You have been drugged by us
