"Wasted Years"

Visit "[Wasted Years](#)" on MotoLyrics.com

I am desperate to leave I can't stand this place
Another day another headache
Good for nothing, I've really got to make a change
It's another bored face, staring back at me

I don't belong, I don't fit in
We've got nothing in common within
Why should I hang out with you
When I could have so much more

Ref:
I don't want it, I don't need it
I can't take it any more
I do believe it, I can get it
Out of my head all those wasted years

Why should I care about something that bores me to
death
I'm done with this act, I don't need to pretend
Don't lay your hands upon me I can feel your greed
It's all said and done, it's such a relief
