Congratulations you nigger  
Now your gang gains ,  
With no respect for the elders  
I'm gonna mail you clones/clowns  
I've been fighting  
But no change came  
Many just maintained  
Said less is for Ray  
We dated his thing  
Eating good things  
He is a good ..  
Words in your pops  
Stay ahead of beef  
Ray shot him in his ..  
Wise enough shorty pull off your ..weasel  
Can't make a living with no knowledge, you see ,  
White men were ,fucked up joint  
Fly lab get to the point  
People you all get to head what I say  
I am the invincible to you non leachable  
So Ray just give me my paper  
I'm gonna need .. in Jamaica  
And close down the .. store  
The weed made me wake up  
The police stay slow when they catch me  
And they snatch me and berry me alive  
With some old dough exactly ,  
Candles, quit fucking around  
Don't split sparking their belief  
I slang nos, mangos  
.. while I stab my appendices  
All I get is money flying and ,  
My blood pressure offered me ..  
Come to the lab shake the hit rap  
Force my dogs they swing like hores
