[feat. JD ERA]

They're serving that exotic shit, man  
Word up

[Verse 1: Raekwon]

We drink Courvoisier exclusive  
Kill off the snitches, fuck all fly bitches  
Jump in the coupe, let your chicken yell  
Throw her head out the moon, go ahead and look  
mama, see how it feels  
I know the feds clustered up flexin', drivin', importin'  
Insurance is killing the gangsta when you work four [?]  
in office  
Being the luck stud bad bitch in tux  
She know me from the [?] she bought the what  
Automatic stainless good fella  
That ain't my main bitch, who ride around angry, the  
same shit  
Coast through the world like [?] niggas is blessed up  
Yes yes, I'm at my best, boy rest  
Powerful when giving coke out  
You know they call me Sugar Ray The Chef, the goat's  
out  
Giving good-boy gifts to the gangstas  
With more points than unicorns  
They know what's dough is always dough  
Riding at maximum speed, give me weed give me  
cheese  
I like cheddar of V-neck leather  
Diana gold, two boxes centuries, yeah  
Mention me, you better say that nigga is better, what?  
It's why I lighted up with the highlights, the wolf's out  
Black fur, black spur, bitches is purred out  
You know I'm flexing and my character strong  
I could bag your bitch then flow through your lawn

[Verse 2: JD Era]

I am killing them softly, pillow walk with a face flow  
Them younguns let it off for them pesos  
They used to cut off the hot water and cable

Now I'm standing with the garb out to bring amps to the  
table  
What your life like? Mine's is real  
We used to have to rob and steal  
We cook, [?] whatever for a bit of a meal  
Yeah, they don't wanna see us with how I'm beginning  
to feel  
But still I stand firm, posted up  
They say knowledge is power, I soak it up  
Kush pounds came here we broke it up  
I said good morning to Ronald, we woke it up  
Wake up, bitch I'm mad, it ain't a secret  
My third eye twitching, the way I peeped it  
A G's incense when the weed led  
And keep the white girls moving like their peach pit
