[feat. Mika]

[Raekwon:]

The problem is the love got lost, We went crazy I ran  
Two days later the fuckin advance  
Shootin dice, Gettin right, Holdin hands  
Jumped off the plane, You my only flame word to my  
mans  
I've been loyal you can have anything I grant you  
From kicks all the way to trips to Japan  
When we land I'm a blaze it in a van  
Hope to get caught, Just make this short  
Just get yours and dance on it, Talk to me

[Mika:]

Spent my lifetime trying to find you  
Got used to being misused and  
Had my heart broken so many times  
I got the scars to prove it  
Baby please won't you be patient  
I know I'm hard to deal with  
Something I said I'd never do  
But I'm letting down my guard for you  
Ohh, So many lies and deception  
I've dealt with so much rejection  
I took a look at my reflection  
And said I'll never love again  
But I count you as a blessing  
Cause you were sent from Heaven  
Baby you changed my mind  
What we got is so hard to find

[Chorus: Mika]

Ohh, Love like this  
Don't come, Round but once  
Once in a lifetime, (Once in a lifetime)  
And it's the right time, (And it's the right time)  
For us, Ain't no kiss  
Ever, Felt like this  
But once in a lifetime, (Once in a lifetime)  
And it's the right time, (And it's the right time)

For us

[Mika:]

Pay attention to the details  
When I talk you listen  
You make me wanna try harder  
To be a better women  
I think I'm fallin baby catch me  
I see the happy ending  
I didn't think that dreams came true  
But your love is proof  
Ohh, So many lies and deception  
I've dealt with so much rejection  
I took a look at my reflection  
And said I'll never love again  
But I count you as a blessing  
Cause you were sent from Heaven  
Baby you changed my mind  
What we got is so hard to find

[Chorus]

[Mika (Raekwon):]

Ohh-oh-oh, Can't nobody make me feel like you do  
(You know I got you baby) Ohh-oh, (Come on man)  
(You know how I rock man)  
Everybody wants to feel like we do  
(Let me take you to Louie Star real quick man after that  
man)  
Ohh-oh-oh, (Let's go hit the museum or somethin man)  
After all the things that I have been through  
(Word up ma) Your love is healin me  
(You know I'm reppin you man) It's change'n me, I feel  
brand new.

[Raekwon:]

We like fifth grade lovers when we first linked up  
You had a mink on, A baby joint, Your rings was tucked  
I'm blacked down in the back of the town, Crime'n  
Doin white collar shit, But then you came and blocked  
my design  
I looked at you with a sinister grin, You looked back  
That was a win, I shot my biggest gift, This is a ten  
Months passed like blunts get passed  
You riffin just when I was different  
You decided to flip, Get prolific  
Threw my shit out, I let that ride, Kicked the kid out  
I slid out, I fell back, My women ain't live  
I thought love and trust would hold our hands  
Straight disaster happened, I lost the only thing, Just  
don't even answer

When I came through crowned you as my Queen you  
was thankful  
I sat proud royalty style, Go hit the bank Boo  
A few weeks later we back but with the same drama  
again  
I love you Boo, God is within, Give us love

[Chorus]
