Chill, nigga, chill  
Get some rest man, come on, man  
Stop playin' wit' me, man  
(Ohh ohh ohh)

Lately, I had a love that would ignite all the fire  
The desire would leave, for you I'd admire  
Lately, you seem all corrupt  
I've had enough and you forced me to hide under  
covers  
Drove me to arms of another

Broke the top of goose-down shits, kissed her on the  
neck  
Real love, hope this ain't the last time we meet  
Felt like a king who had a queen want him  
I usually deserve hotels, this one's the gift, slick

On our eye-to-eye contact, body movement, all on the  
grind  
A lady's starin' at me, all in my mind  
Sayin', "Boo, I gotta live with you, let's connect and be  
a bridge"  
You stay three forths and I'm-a wiz you

Sayin', months ago, you came to me  
Told me, love me forever  
See, time has passed and lonely days  
Have rid his head now, stormy weather

But out of the rain, came some delight  
I ain't ashamed, I know that it's right  
The way that I'm feelin'  
He touches me, in ways I like

Says things you won't, won't day or night  
Givin' me healin, I'm leavin'  
'Cuz you wanted to know that is the reason

Lately, I had a love that would ignite all the fire  
The desire would leave, for you I'd admire  
Lately, you seem all corrupt

I've had enough and you forced me to hide under  
covers  
Drove me to arms of another

The only set back in my state of grace  
Is that the love is real, for you and him in different  
ways and  
You're out in space, yes here on earth it's fun to play  
I wish you were present so my love wouldn't go astray  
And he gives what I need  
Quenches my thirst when you say "Girl, please"

That's a waste of my breath  
And it's funny to me that you get upset  
And I told you quite often  
I'ma fill up the space, did ya think I was talkin'  
Out the side of my neck?  
You left me alone, what did you expect?

Lately, I had a love that would ignite all the fire  
The desire would leave, for you I'd admire  
Lately, you seem all corrupt  
I've had enough and you forced me to hide under  
covers  
Drove me to arms of another

I'm dead in my sleep, she's standin' over the kid  
I'm terrified, shorty was deep  
I had my hand in her account plus livin' in a lab  
Like a count, I had to go six shorties was pink yo  
She had the yolk on me that's when I went broke

We used to flip coke together, get boasted and float  
We split real bread, we was large  
We had our weddin' in the garage  
And then she stopped reviewin' my bars  
Hold up

Lately, I had a love that would ignite all the fire  
The desire would leave, for you I'd admire  
Lately, you seem all corrupt  
I've had enough and you forced me to hide under  
covers  
Drove me to arms of another

Lately, I had a love that would ignite all the fire  
The desire would leave, for you I'd admire  
Lately, you seem all corrupt  
I've had enough and you forced me to hide under  
covers  
Drove me to arms of another
