[Lord Superb:]

I was blacked out with shades at the wake of my man  
He's so grand, Had plans to go legit but couldn't quit  
Misfit mentalities lead to death young, Hold your  
tongue  
Don't get strung and fall victim to the street life  
For real it's real, Still we blast steel  
Write your will cause we will, Kill at will when it's real  
Cream Team is the sun's equation, In this nation of  
free-basin  
Crimes we be lacin, Keys get cut like Jason  
Lifes we erasin, He got a lead donation at Jay Street  
train station  
In the theater, I saw the drama go on  
They actin like it can't happen, I yapped em did you  
clap em  
That's confidential information, I move like Perry Mason  
Inside Pappy Mason, Raekwon gave me education  
He said it's one nation, Power in his bitch station  
Queens was mine like, Fiends was mine  
And we ain't pussy, Murder seeds we hot  
Never divid, Even if our dreams collide, Ya'll on the  
other side

[Raekwon:]

Thermometers hot, Shit boilin  
The cast of Troy, Gun on my lap boy, Black boys shoot  
moist  
Python linger from the Nike armor  
The Prince Charmer, Select big armor now it's horror  
Multi, Say it again, We regulate and take your pies  
Rae had a mask on and blue eyes  
Dirty work technique, Smoother the crime out like jerk  
meat  
Merkin in the burnt three, He hurt me  
Wild iris, Slide twist to Cyrus, Benz boat pirates  
The ocean blue Nikes on, The livest  
Blast sharks, Cliques like Noah's ark with darts  
Me, Brush and cut it out in seventeen parts  
The blood version, Three hundred rock watch surgeon  
Broke, My man hold me, We all hold totes, Bring it on

huh

The telethon, Seance, Smooth like suede on a baby  
arm

All grey on, The hygienic, Grinch list on my wish list

Gettin dusted up, Quick to stick ninety-seven up

There go Meryl Lynch mits, Brownsville bitch

Light the switch, Watch to ice ship, Shallah priceless

Big fish eat little fish faggot, Go head and try to rag it

Me, I just throw it down bag it, We blow holy

Roll a Dutch, Shout out to Power Cypher yeah
