[Intro: Raekwon]  
Yeah, yeah, yeah, yeah  
Yeah, yeah, yeah, aiyo, aiyo

[Chorus x2: Raekwon]  
Aiyo, one of the illest, the sickest, like six sixes  
Lookin' real rich, don't switch, just paint pictures  
Lex, tell the story, get these niggaz in line for me  
Plus the shorty's, light one from me

[Raekwon]  
Sit back like kings, diamond rings on, 'knowledge the genes  
Matter of fact, 'knowledge the team  
Kid love valor suits, raw Coups, racing across  
The bridges, we hit bitches, then swindle the group  
Who's your favorite rapper? Lex Diamond, and his man Iron?  
So many niggaz bitch, y'all dick, I ain't lyin'  
Show niggaz how to dress too  
Well, yo, we take it from here, now let me bless you  
Ssee I got my life right now, got a new team, new label  
New way of moving, new glass cable  
And they still jello the kid, well did  
On the corner, ice rockin' Carvel kids  
Spit thirty six flavors, bitch  
Burn out Vegas, fuckin' mine, y'all catch all razors  
Fuck around and poison one of y'all, Cristal  
New shit, havd your mother on the bottle wildin'  
We came here to rep, step, movin' in motion  
Angel lotion on, coastin' the set  
Bitches yelling, "he look rich, he got fix"  
Came up, bought a drink, thought he'd be all on my dick

[Chorus x2]
