We gotta move God, we gotta move God, we gotta

Get the fur, get the fuck outta New York,

Bounce man, start fuckin with bigger and better shit
So you tellin me no more big eights strictly breaks
No more no more no more man
Then I'm with you, I've been waiting
No more God

It's the pot of gold right here man this is it, man this is
glory
Youknowwhatl'msayin?
So yo, the first thing we gotta do man
Is just know what we gonna do with this cream when we

Right
Cause I'm not trying to just be, sitting on motherfucking

And acting like I'ma just be a
Nah

No doubt, we gonna move on man
And you know I be fuckin with anybody man

Son, long as the love and the trust is there Son
We gonna grow God

We gonna grow like a plant Son
Yo you coming at me like that Son?
For real Son, come on you know me man
You know my style Son
You know how my heart feels though God

But yo God, for real, this is my last time God
