Fuck a middle man I could get a direct  
cook it up watch it bubbling in that ..  
this shit hard that's what I am talking about  
this shit hard that's what I am talking about  
I am gonna show how to make a kill it in the ..  
all I need is somebody and ..  
this shit hard that's what I am talking about  
this shit hard that's what I am talking about  
.. waiting till they are kind of .. niggers down the ..  
when I got to shook up ... make a bubble up like they ...  
come back hard like a nigger from his first beat  
this is time for shit looking ... like a area ..  
reminded me of Pablo .. he said I supply it to private  
condom ..  
back to the condo to come up with a plan  
fuck a middle man I could get a direct  
his shit hard that's what I am talking about  
this shit hard that's what I am talking about  
I am gonna show how to make a kill it in the ..  
all I need is somebody and ..  
this shit hard that's what I am talking about  
this shit hard that's what I am talking about  
cocaine let the water boil and I cook it on the low flame  
weep it all that thing with a box of ...  
shit coming back like karma pull it out the water  
ice .. seen it on a plate .. try to tell me ...  
wrapping up .. get the whole hood looking like ...  
off the severe ... nigger met the ... hurricane  
Fuck a middle man I could get a direct  
cook it up watch it bubbling in that ..  
this shit hard that's what I am talking about  
this shit hard that's what I am talking about  
I am gonna show how to make a kill it in the ..  
all I need is somebody and ..  
this shit hard that's what I am talking about  
this shit hard that's what I am talking about
