Omg, it feels good  
ice water baby

black cards fast stars big car whatever  
do it ever thought I'll be doing any better

salute to the ice want a level  
look us now angels on angels  
.. on my fingers do it ..  
..for the chef .. this is celebration rn'b i'm back  
oh when you see me fresh as before  
we fly high MG than fall  
Gucci all roll us when the money on the store  
and nobody do it like i did  
we shine together, together baby

i ride, you ride, we ride together  
i shine, you shine, we shine together  
i ride, you ride, we ride together  
i fly, you fly, we fly together  
i fly, you fly, we fly together

fought in the .. ride ..big bottles of crew  
baby thoughts we .. toast it .. clean my machine  
keep .. on political now ..  
combination fact is love ..  
ready to pop and set up ..

..who came .. best follow on twiter

i shine, you shine, we shine together  
i ride, you ride, we ride together
