Okay, here we go Gather all around, you don't wanna miss this show If you don't know, it's about to get serious My energy could make you delirious Take a chance if you're curious Follow my lead, up out of your seat, we're about to p-ar-t-y

Y'all ain't seen nothing like this Ultimate non-stop excitement My pyrotechnic is about to blow your mind It's curtain call, the stage is set Spotlights on, you ain't seen nothing yet This moment is something that you won't forget Oh no, you won't because

I'm saying that I'm something you gotta see right now It's the only place that you wanna be right now I'm gonna make some magic That's what I said I can be anything like a chameleon I'm one in a million It's gonna be dramatic

Hey, that's what I said, that's what I said That's what I said, that's what I said

Okay, here we go

From the east to the west in your area Every where I go, I'm causing hysteria Let's raise the roof so high we get arial I'm so fly, y'all carry her No breaks or intermission I've got your full attention This moment is something that you won't forget I know you won't because

I'm saying that I'm something you gotta see right now It's the only place that you wanna be right now I'm gonna make some magic That's what I said I can be anything like a chameleon I'm one in a million It's gonna be dramatic

Hey, that's what I said, that's what I said That's what I said, that's what I said That's what I said

See a party ain't a party without me, the element And anybody who's anybody be yelling it And when they can't even scream, they be spelling it Then I be getting it hot, there's no comparison Oh, so gather around, gather around now 'Cause I'm about to break it down, break it down now There's too much room to be standing around We all be shaking the building, feet stamping the ground, uh

I'm saying that I'm something you gotta see right now It's the only place that you wanna be right now I'm gonna make some magic That's what I said I can be anything like a chameleon I'm one in a million It's gonna be dramatic

Hey, that's what I said, that's what I said Hey, that's what I said, that's what I said Hey, that's what I said
