Father oh father where were you?  
When I needed you  
Where were you?  
You turned away from the decisions once made  
Now it's time to face the facts  
Because we won't stop  
We won't stop  
We won't stop until we're dead  
You will never be half the man  
That I've grown to be  
You'll never see  
What I've seen  
You'll feel the way you make me feel  
This is the end of the line  
This is where we part ways  
So walk on water or drown  
Because tonight you're sleeping with the fishes  
Maybe next time you will think before you act  
You'll never be half the man that I have grown to be  
You'll never see what I've seen  
You'll feel the way you make me feel  
So walk on water or drown
