Verse 1(Lunatic Dee)

Hello baby my #1 lady it's amusing
When I'm with you, girl you know
I love you, girl you know I miss you
Yeah you know I feel you
You the best ever girl you
Got me crazy

If I only knew what God knows, if only
Feelings never come and go cause mine
Stay forever, is like I overdose, am I stepping
On your toes, shawty I am the only nigger
With a red rose, perfect lovers or the perfect
Couple, my girl is so humble, she's the only best
Shawty got me stunting double, she take me to the
Second haven now I'm blowing bubble's
She kiss me till the color of my eyes turn purple
Love hurt me blind, even if I'm blind she's the
Only person I can see and find
She never gets tired but
She's always running on my mind
Shawty got me falling for her like
I got epilepsy yeah.

Chorus

She's the best of the best
She's the best lady
She's the best lady(lady, lady) X2

Verse 2(Lunatic Lu)

As I woke up in bed in the morning
In my GLB house when I'm yawning
I see my girl's face with a tied bra
I ride on top of her, like a street car
When I start to rap my hatters start talking
But I don't give a damn man I only give a river
My shawty's self wet that's my only diver
She's the best overall, yes I said it
Every nigger wanna taste what I'm getting
That's impossible cause am lunatic
Once a lunatic always fantastic
Life's like a wheel, I put my mac on it
GLB my team we don't give what we get
We got some white chicks with a black skin
We in the building like we always do
Lunatic kay, pee, tee, dee, lu, zee, ship.

She's the best of the best
She's the best lady
She's the best lady(lady, lady) X2
