B.I.G. you B.I.G.  
Yo what's up with you're  
Obeasady-now can't u see  
You got problems-yo I can help you solve 'em  
Just take a second to minute  
To look at yourself  
You on the road to real bad health! Oh boy  
You S.L.O.W.!!!!  
You feel and you can't get up  
It ain't easy to see you just  
A giant slug!!

Oh giant slug for you I got  
Much sympathy, like other  
Kids you run and play you'd  
Rather stay at home and eat all day!  
Some of this some of that  
U Just don't care and wherever  
There's food it's soon to disappear!  
From the table - boy you need to  
Back on up, and nobody would  
Call you a giant slug!
