[inaudible]

We're moving on to where we don't know  
After the end of eternity  
We'll be gone and nothing will show  
Maybe a name that is carved in stone

God forgive me for I know what I have done  
It wasn't meant to be so real

Endless night's so many have passed  
You were the first but not the last  
Still I'm here condemned to survive  
I can't be dead I can't be alive

After all is said and done we have to carry on  
After the end  
And with all that we've been through there's nothing  
left to do  
After the end

After all is said and done we have to carry on  
After the end  
And with all that we've been through there's nothing  
left to do  
After the end

After all is said and done we have to carry on  
After the end  
And if all of this is true there's so much more to do  
After the end, the end

God forgive me for I know what I have done  
It wasn't meant to be so real
