When my time to die has come I want no regrets  
So I better use the days I have  
Then I take a look around there is so much pain  
People run in circles and create their prison  
Day will turn to night the devil by your side  
Steals the dreams away leave me be  
'Cause I I step into the light  
And forever it will be alright  
And I I step into the light  
Death and life are walkin' side by side yeah eah  
Everyone is overwhelmed by their fear for life  
Stuck inside a rat race of desires  
Lookin' for security that they'll never find  
The only certain thing in life is death my dear  
Day will turn to night the devil by your side  
Steals the dreams away leave me be  
'Cause I I step into the light  
And forever it will be alright  
And I I step into the light  
Death and life are walkin' side by side  
Day will turn to night the devil by your side  
Steals the dreams away leave me be  
'Cause I I step into the light  
And forever it will be alright  
And I I step into the light  
Death and life are walkin' side by side  
Because I I step into the light  
And forever it will be alright
