How can I trust you with a human nature  
With all the dues that you don't want to pay?  
Between polarities of good and evil  
You make decisions tryin' to find your way

Well I'm comin' back to you  
Oh don't worry  
I'll be comin' over you  
Don't you play this game of treason  
It will all come back to you  
So you better tell me no lies

You cannot fool me 'cause I know it better  
I've seen it all, watched it come and go  
I'm gonna be for you a painful lesson  
I will fulfill for you the karmic law

I'm comin' back to you  
Oh don't worry  
I'll be comin' over you  
Don't you play this game of treason  
It will all come back to you  
So you better tell me no lies  
We will meet again next season  
Then it will come back to you  
So you better tell me no lies, yea

I'm comin' back to you  
Oh don't worry  
I'll be comin' over you  
Don't you play this game of treason  
It will all come back to you  
So you better tell me no lies  
We will meet again next season  
Then I'm comin' over you  
So you better tell me no lies  
Don't you ever tell me no lies  
Don't you ever tell me no lies
