Thank you, mother, thank you for my life
Forgive me, father, for I was running blind

Time to prove the evolution
First to feel it, last to get
Spiritual awakening

Rushing through these years of madness
Next time leave no options out
Spiritual awakening

Tell me, answer, in synchronicity
Intuition open doors for me

Time to push the evolution
First to feel it, last to get
Spiritual awakening

Rushing through these years of madness
Never leave no options out
Spiritual awakening

Spiritual awakening, yeah

Spiritual, spiritual
I never felt this way, running blind my way
I never felt this way, spiritual awake, yeah

Thank you, brother, mirror of myself
Join me, sister, energetic well

Time to push the evolution
First to feel it, last to get
Spiritual awakening

Rushing through these years of madness
Never leave no options out
Spiritual awakening

First to feel it, last to get it
First to feel it, last to get it
Spiritual awakening
