"Take My Blood"

Chris and I wrote this three years ago during a session. I'm happy that we recorded our shit then and that we found the tape to make this one out of it - a real killer.

People talked about this man
that he could walk on water and
that he would be a healer who could
make the blind ones see again

He never told Â'em lies,
though he took them by surprise:
"I'll offer you the truth, so you can

take my blood, believe or not
and you'll see, the word is me"
He did the only thing he knew
but what, the fuck, was he supposed to do?

People talked about this man
that he'd be the messiah and
he told them to feel love but they
just nailed him the cross instead.

He wasn't real surprised
Â'cause he unmasked their lies.
"I'll offer you the truth, so you can

take my blood, believe or not

and you'll see, the word is me.
Take my blood, I'm not a god
and you'll see, it's only me."

He was the very first to prove
the world's too blind to see the truth,
he did the only thing he knew
but what, the fuck, was he supposed to do?

People wrote about this man
Â'most every single word and then
they founded a church and made their law

in his name they still slay the poor

They only tell you lies,
it would take him by surprise.
"I'll offer you the truth, so you can

take my blood, believe or not
and you'll see, the word is me.
Take my blood, I'm not a god
and you'll see, it's only me."

He was the very first to prove
the world's too blind to see the truth.
He did the only thing he knew,
you know, the fuck,
what you're supposed to do!
