Let me take you far away, beginning of your days
The agony is written in your eyes
This is how you've always felt, you see it through the
haze
Remember how you've locked it up in lies

They're coming back from far away
They're coming back, they cannot stay
So I will pray to purify my mind

Wash my sins away
Take my sorrow and pain
Wash my sins away
Dry my tears with your rain

Scars from yesterday
Make my sins
Oh, please wash them away
Wash them away

Live again through feelings that have shattered all your
trust
The pain you've felt is burned into your heart
Never understood, you were rejected, on the run
And, till today it's tearing you apart

They're coming back from far away
They're coming back, they cannot stay
So I will pray to purify my mind

Wash my sins away
Take my sorrow and pain
Wash my sins away
Dry my tears with your rain

Scars from yesterday
Make my sins
Oh, please wash them away

They're coming back from far away
They're coming back, they cannot stay
So I will pray to purify my mind

Wash my sins away
Take my sorrow and pain
Wash my sins away
Dry my tears with your rain

Scars from yesterday
Make my sins
Oh, please wash them away
