Woman, I know it's not easy to say  
But I miss you the longer I'm so far away  
You know me, it's not easy to find the words  
Woman, I miss you each day in the desert

Oh, woman, tomorrow I might bite the dust  
Believe me, I don't want to stay but I must  
God help me, I'm so afraid, don't let me down  
Oh, woman, I love you, I love you, I love you

Whoa, how I long for you, woman  
We belong to each other  
We belong to each other  
We belong to each other

Woman

Woman, I'm so afraid, don't let me down  
Oh, woman, I love you, I love you, I love you

In the gunfire's roaring sound  
When I'm falling to the ground  
I can see your face so real

Oh, how I long for you, woman  
We belong to each other  
We belong to each other  
We belong to each other

We belong to each other  
We belong to each other  
We belong to each other, oh, whoa

Wish it would be like before  
In the days of the cold war  
We could play around in peace

Oh, how I long for you woman  
We belong to each other  
We belong to each other  
We belong to each other

We belong to each other  
We belong to each other  
We belong to each
