It's a silent hour  
1 O'Clock to be precise  
The radio is low  
Outside is cold as ice  
I spark a cigarette  
It illuminates the room  
And sleeping peacefully beside me  
Is the girl i'll marry soon

Up until late 96  
things past but nothing straight  
I'd always had the chance  
But i'd always been too late  
Now i'm taking off on a flight to wonderland  
Love was a taboo i could never understand

(Chor)  
She Brings The Light To Me  
When I Close My Eyes  
Her Smile Is All I See  
No Way I'll Waste Her Love  
It's The Real Thing Tonight  
She Brings The Light

I'm on the outside looking in  
Snake's eyes to be precise  
If you want to take a gamble  
Be my guest  
Throw the dice  
But i've smoked my cigarette  
The illumination leaves the room  
And sleeping peacefully beside me  
Is the girl i'll marry soon
