I woke up here again just to feel like I'm asleep  
Eyes open wide, but I'm just blinking through the week  
I guess it's time to medicate  
I think it's time to medicate my  
I guess it's time to medicate my love, my love, my love  
and hate  
Hey, we're on fire tonight so let's burn our brightest  
in the city of no light  
Hey, we're on fire tonight so let's burn our brightest in  
the city  
Hey, we're on fire tonight so let's burn our brightest  
in the city of no light  
Hey, we're on fire tonight so let's burn our brightest in  
the city

Chalk it up yo self-indulgence or just call it real.  
Who said maybe to indulge is to deny how to really  
feel?  
I thin my blood so I don't remember why I  
Put all of these bad pictures of a picture in my brain.  
Pictures of a dead man in my brain.

Hey, we're on fire tonight so let's burn our brightest  
in the city of no light  
Hey, we're on fire tonight so let's burn our brightest in  
the city

I'll never know if this is what it's supposed to be  
I can't remember what it was before I could breathe  
It's just a version of a version of some bad dream  
[X2]

I'm burning everything that's real  
Don't care if I have to steal from  
Every piece of you to fuel my flame

I'm building something no one sees  
And it will be the end of me  
My love, you always have a place  
Somewhere within this twisted frame

Hey, we're on fire tonight so let's burn our brightest  
in the city of no light  
Hey, we're on fire tonight so let's burn our brightest in  
the city

Chalk it up yo self-indulgence or just call it real.  
Who said maybe to indulge is to deny how to really  
feel?  
I thin my blood so I don't remember why I  
Put all of these bad pictures of a picture in my brain.

I'm burning everything that's real  
Don't care if I have to steal from  
Every piece of you to fuel my flame

I'm building something no one sees  
And it will be the end of me  
My love, you always have a place  
Somewhere within this twisted frame

Close my eyes and say goodnight
