Oh the years they go  
Aand I'm still standing in my grave  
You're the tear thats burns my great mistake  
Wish I could pik you up but  
I'm still dangling by a thread  
So unravel me in misery  
With nothing to lose  
Nothing to say  
I'll find a way  
I'll find a way

To be to love to fight  
Anything to feel that I'm alive  
I'll get you back one day  
I'll find a way

To leave to run and hide  
I'll catch up if it breaks this heart of mine  
I'll get you back one day  
I'll find a way

I crushed out all of the fractions of a life  
Of everything that you ever need and what you say

You just don't get it  
Hey hey you'll never get it  
Sell yourself around cause you'll never get it

With one lit match I will carry the flame  
And burn this city just to mourn your name

You just don't get it  
Hey hey you'll never get it  
Sell yourself around cause you'll never get it

To be to love to fight  
Anything to feel that I'm alive  
I'll get you back one day  
I'll find a way

To leave to run and hide

I'll catch up if it breaks this heart of mine  
I'll get you back one day  
I'll find a way

To be to love to fight  
Anything to feel that I'm alive  
I'll get you back one day

To leave you always run and hide  
I'll get you back one day  
I'll find a way

You're the most beautiful girl in the world  
You're the stars in the sky, the planet earth  
Just don't you ever leave
