Good moves good times we're on our way
To celebrate life another day
So don't you even worry
Cause I'm on stereo
Across the ocean
So scream your heart out here with me
And soon we both will be there
It's just another song to sing
We still believe that we can change
Before it's over

We go everywhere we want to go
Moving at a fast pace
We're right on, right on the radio
Right on, right on the radio

We sing for hard times
So scream the pain away
Don't make believe that
Everything is a ok
They're too deaf to hear us whisper
I'm treading oceans
Traveling night skies
Soon I'll be there by your side
So baby don't you worry

It's just another song to sing
We still believe that we can change
Before it's over

We go everywhere we want to go
Moving at a fast pace
We're right on, right on the radio
Right on, right on the radio(x3)

We won't say
How you throw your life away (right on, right on the
radio)
If you will leave
I will sell my soul for free(right on, right on the radio)

We go everywhere we want to go
Moving at a fast pace
We're right on, right on the radio
Right on, right on the radio(x2)
