Turn me on telephone wires  
I'm tangled up for good  
My mom says don't get carried away  
Tonight I will sleep so good

My little match is burning constant apathy  
Your tiny lungs are screaming for some suffering  
I'll hold you close at night  
I'll tuck you in for a while

Well all dolled up now put on all your make up  
You're screaming "look at me"  
All tied up and contagious  
Come on lets celebrate  
We gotta celebrate  
Get hot hot hot, hot hot  
Hot hot hot, hot hot

Turn me on telephone wires  
I'm tangled up for good  
My mom say don't get carried away  
Tonight I will sleep so good

My flesh is cold and your skin is on fire  
I bite my lower lip to bleed with desire  
Oh the simple things  
Don't fuck with simple things  
Lets scam all night and hold on  
Get up and get off  
We're all getting hot hot hot  
Touch me feel me hot hot hot  
Pick up the phone and turn a trick or two

Turn me on telephone wires  
I'm tangled up for good  
My mom says don't get carried away  
Tonight I will sleep so good

Take, take it back now  
Take, take it back "so good"(x4)

With your power and your batteries  
Turn me, turn me, turn me on  
With our collision we can start a fire  
That no one can save

Lets make love for no good reason  
Smear that make up off  
Don't even tell me your name  
Let's go do bad things  
For one night we will say  
We will say  
Goodbye
