Stand by here we go again,
Jus you let me wait, let me know again
Ain't nobody special girl I'm jus a friend,
I bet you cant recall my name.
I think about you everyday
24/7 girl in every way
Try to move on but what can I say
No-one else can take your place

[Chorus]
guess I done this when I shoulda done that
I tried to be smart but I want you so bad
Have you ever needed what you've never ever had
I jus cant get enough, enough, enough
Jus when it looks like I'm gonna get close
My lips mess up and the words don't flow
I jus cant wait till we freaking more frequently baby
Coz I cant get enough, enough, enough

[Rap - Red man]

Yo, come on
She pulled up in a blacked out BM
Ladies and gentlemen
Little miss thug in her baby pink timberland
Pretty plus innocent
Mrs Dominican
Nikata baby check the ice like stella
With 5 5 brown eyes smile like Jlo
Left thigh right thigh
Tight like west coast
Hello pretty mama
Clutch you from the side of my eye
Ya feet are hurting coz u running my mind
Look
A lot of guys must be dropping you lines
So
get to the point not to be wasting your time
I think I love you here's my number
Baby give me a call
Not the others im a brother
Comin steady for sure

[Chorus]

I guess I done this when I should have done that
I tried to be smart but I want you so bad
Have you ever needed what you've never ever had
I jus can't get enough, enough, enough
Jus when it looks like I'm gonna get close
My lips mess up and my words don't flow
I jus cant wait till we freaking more frequently baby
Coz I cant get enough, enough, enough

[Bridge]

Oh mere paas ah, kaahin na jaana

[X2]

[Chorus]

I guess I done this when I should have done that
I tried to be smart but I want you so bad

My lips mess up and my words don't flow
I jus cant wait till we freaking more frequently baby
