Stalking the currency shifts  
As cause becomes  
Embedded codes digital mistakes  
So all the rest can

Choke for need and strain to bleed  
The hunger I fix a taste for the feeding  
This panic perpetuating poison upon us  
As it plagues me into

Running the gamut again  
Surprise you're wrong  
I'm not the defects for ones  
You left out  
Erratic an addict  
Is leading my fall  
Back to the faces  
My weaknesses live

Shots down and riding the bomb  
Shots down and riding this  
Routine submissive disease  
Just let me rot  
Done with all these innocent thieves  
While all us weak ones

Choke for need and strain to bleed  
The hunger I fix a taste for the feeding  
This panic perpetuating poison upon us  
As it plagues me into

Running the gamut again  
Surprise you're wrong  
I'm not the defects for ones  
You left out  
Erratic an addict  
Is leading my fall  
Back to the faces  
My weaknesses live

Shots down and riding the bomb

Shots down and riding the bomb  
Shots down and riding the bomb

Running the gamut again  
Surprise you're wrong  
I'm not the defects for ones  
You left out  
Erratic an addict  
Is leading my fall  
Back to the faces  
My weaknesses live
