I'm so impressed
By your ability to keep up with me
Nothing's left
For me to turn back to
Same goes for you
I excavate your chest
In hopes of finding
Pretty things
I'll never ever let it rest
When words are useless
Then I'm free
Always giving me enough
To keep me quiet
Always giving me enough
To keep me at bay
Always on the verge of something
Almost enough to leave it all
Please
Don't take this all away from me
I've tried so hard to set you
Free
Don't take this all away from me
I've tried so hard to set you
Free
Let me caress
Because I've found you
In a liquid state
I can't confess
But still I smell you
I peel it open
You should not resist
Attempts to make you feel at ease
I'm crawling digging never finding
What it takes
To set me free
Always giving me enough
To keep me quiet
Always giving me enough
To keep me at bay
Always on the verge of something
Almost enough to leave it all

Please
Don't take this all away from me
I've tried so hard to set you
Free
Don't take this all away from me
I've tried so hard to set you
Free
You all want to meet me
You all strive to see me
You all need to touch me
You'd all die to know me
You won't know me
You fix me
You can't touch me
You fix me
You can't have it
You fix me
You still need it
You fix me
