Rushing through the sky, hunting the horizon, hunting
towards the end
The eyes of a man suffers the rage of our infinite
master
Power and passion, hate and sins, raise your fires from
the abyss within

Fire sweeping the earth, ruining the soil, as the rage
strikes upon you
Fire, bleeding fire, smoke burying breathing living
remains, covering
Your remains

Spirits from below rushing from the caves, setting fire
to the sky
Turning ancient wisdom against the earth
Satan opening the gates, embrace the fires towards
your skin

Rushing through the sky, hunting the horizon, hunting
towards the end
The eyes of a man suffers the rage of our infinite
master
Power and passion, hate and sins, raise your fires from
the abyss within

Glory, spitting fire, never again
Raging Antichrist burning the earth - fire!

Fire sweeping the earth, cracking the soil, as the rages
strikes upon you
Fire, bleeding fire, smoke burning breathing living
remains, covering your remains

Enter the gates, see the force arising

Rushing through the sky, hunting the horizon, hunting
towards the end
The eyes of a man suffers the rage of our infinite
master
Power and passion, hate and sins, raise your fires from

the abyss within
