You will be dead tomorrow
If you dont read the signs
You tried to break the law
By kicking ass and getting high

CHORUS

[Goodtimes]

We gotta drink some more alcohol
Whiskey and wine

[Goodtimes]

A good smoke is all I want
The chronic youth

Fuck you and fuck we're drunk and proud
God save the chronic youth

You said you loved to party
Bullshit you know you don't
You say you've got a problem
Get high until you choke

REPEAT CHORUS

Get the fuck up, back the fuck up
God save the chronic youth!
Get the fuck up, back the fuck up
God save the chronic youth!

CRY! - The chronic youth! [x2]
We are the chronic youth! [x4]

Get the fuck up, back the fuck up
One bang and your eyes are dry
Get the fuck up, back the fuck up
One sip and you're pissed and high!
