I tried to be someone  
Feelings that i left behind  
Tried to take it  
Before you're mine  
Now we must go  
Can't be someone else  
Lost in nothing  
This time we lose it all

Now- I tried to be someone  
I fucking hate you - Feelings that I left Behind  
You - Tried to take it  
Said you loved me- Before you're mine  
Hell - Now we must go  
Freezes over - Can't be someone else  
The sun - Lost in nothing  
Goes supernova - This time we lose it all

Now we must go  
Can't be someone else  
Lost in nothing  
This time we lose it all  
[Repeat]
