I'm like glass... You see right through me.
One false move and I'll be shattering
Now as I fall, you know I gave you all
the chances in the world.

"I take it back. I never wanted...
Wanted it to be this way."
You were far from sober,
You know you should learn
From these things.

Go right ahead... Pretend like you're doing fine.
I can see by the look in your eyes
Tears are building and burning your insides.
I'm just returning the favor tonight.

"I take it back. I never wanted...
Wanted it to be this way."
You were far from sober,
You know you should learn
From these things.

I told you this would happen.

But I swear to you, that I meant more than this.
I swear to you....

"I take it back. I never wanted..
Wanted it to be this way."
You were far from sober,
You know you should learn
From these things.

I told you this would happen
