It's done, It's finished , Jesus laid down his life so that I can be the winner,  
For everything you receive theres a price to be paid a redemption value , a sacrifice to be made,  
well I have good news because its finished and through everything that you needed God has done  
it for you.

It's done, It's finished , Jesus laid down his life so that I can be the winner,

Wounded for my trangressions bruised for my iniquites, all the sins i have committed has been  
thrown into the sea,yes Im healed by his stripes made whole don't you see, theres no weapon thats  
been formed thats gonna prosper against me.

It's done, It's finished , Jesus laid down his life so that I can be the winner,

Christ did it all theres no more dying to do, everything that you needed God has done it for you

It's done, It's finished , Jesus laid down his life so that I can be the winner,

I beseech you , all by the mercies of Christ that you present your bodies a living sacrifice, not  
hooked on sex or the drugs that will try to enslave you , what you need in your life is Jesus Christ as  
your savior.

Well, my name is Claudine, but they call me Destiny, its the Lord Jesus Christ that brings out the  
best in me, Im a child of the king, he's the creator of all things, Oh just one more thing, he's the  
reason why I sing, no I didnt want to do it, but my God he brought me to it. What I tell you is no lie, I'll  
stand up and testify.

It's done, It's finished , Jesus laid down his life so that I can be the winner,

I would like the song to be translated in Japanese and French  
I also wanted to know how long it takes.
