Save me, save me
From all the hurt I could do
Save me, save me
'Cause I'm lost and I need you

I hoped that I could find
Some way to ease your mind

Save me, save me
With all the love you can give
Save me, save me
'Cause I'm lost and I want to live, live, live

I hoped that I could find
Some way to ease my mind

'Cause I'd always thought that I
Could stand up and face the world but I
Something broke me down
And now I don't know which way
To turn

Save me, save me
I'm not the girl
I used to be
Save me, save me
'Cause I'm lost without you
By me

I hoped that we could find
Some way to ease our minds
