This love like no other
This love made me grow
This love could have been sweeter
Than any love I know

Then suddenly the world came
Falling in around my ears
And all I wanna know is who will
Kiss away my tears

This love burning fire
This love cool as rain
This love fed my desire
Then washed me clean again

Then suddenly the world came
Falling in around my ears
And all I wanna know is who will
Kiss away my tears

'Cause it's so cold out here
Now you're gone
And I'll cry me a river of tears
My beloved one

Suddenly the world came
Falling in around my ears
And all I wanna know is who will
Kiss away my tears

I know I can stand alone
But that's not what I wanna hear
All I wanna know is who will
Who will
Oh kiss away
Oh kiss away
Oh kiss away
My tears

This love like no other
This love
