Execute the law time's so short
execute the state execute the things you hate
Violence for them who shoot you dead
get you to the right get a gun 'n' hold it tight

The slimy warns, the right way
someday I'm gonna pay
someday I'm gonna pay
I'm gonna pay

Execute the law time's so short
fight the pain don't you ever play this game
execute tonight don't you look behind
you can't change my mind
this shiver up and down my spine

The slimy warns, the right way
someday I'm gonna pay
someday I'm gonna pay
I'm gonna pay
