"Carry On"

She wanted everything that I didn't have
And she had everything that I couldn't give back
Oh when does this get over
Just so I can start my life over
And forever I will walk on
Just so you can carry on

Sand in my veins
I wash away
All the bad taste
Die today

And every second
Quested for labor
And we go on
Just to save her

She wanted everything that I didn't have
And she had everything that I couldn't give back
Oh when does this get over
Just so I can start my life over
And forever I will walk on
Just so you can carry on

"Hold my hand babe"
I said as I lay
There dead on that day
Course of my life is fake

And every second
Quested for labor
And we go on
Just to save her

She wanted everything that I didn't have
And she had everything that I couldn't give back
Oh when does this get over
Just so I can start my life over
And forever I will walk on
Just so you can carry on

I could not give!
Her what she wanted!
And every second!
Begging children watch me!
I hold it on! (hold it on)
And I hold it on! (hold it on)

She wanted everything that I didn't have
And she had everything that I couldn't give back
Oh when does this get over
Just so I can start my life over
And forever I will walk on
Just so you can carry on
