Failing to be there for you is what have done for years
And I am sorry for doing so wrong by you
Angels cut me and the demons save me
So therefore I am not a part of you
Because...

You are an angel
And I am a demon
So please provide me with what I need
Carry these things out
And fulfill all my dreams

Look out the window
Chasing the stars
Carrying with me
Who we are
Falling into nothing
And breaking myself
Holding onto
My casket full of moonlight

Going to die is what I learned to happen
And freaking out is what I have mastered
Angels cut me and the demons save me
So therefore I am not a part of you
Because...

You are full of life
And I am death
So please provide me with my breath
Carry out these things
That make me scream

Look out the window
Chasing the stars
Carrying with me
Who we are
Falling into nothing
And breaking myself
Holding onto
My casket full of moonlight

Red snow in my path
To help me now
Is to feel his wrath
The one in charge
Of everything
And the one who makes me
Me

Look out the window
Chasing the stars
Carrying with me
Who we are
Falling into nothing
And breaking myself
Holding onto
My casket full of moonlight
