Rolling winds across the prairie of what once was
Pulling across my tables the blood drops of
Hearing the pain of the children in an out of love
Shaking because of the cold that makes us

Pull away
Push away
Pull away
Push away

Reading the scripture that makes god real
Healing the pain that had made flesh peel
Turning out of the way of a moving train
Killing someone in euthanasia just to stop the pain

Pull away
Push away
From the pain
That takes me
Open up
Tear it up
The writing
On the wall
It is gone
You are just
A faded
Person to aid in
The pain of
The on love
When the devil breaks the gates down and rolls on in!

Pull away
Push away
Pull away
Push away

Pull away
Push away
Pull away
Push away
