(Keep up...Keep up...  
Keep up...Keep up...)

Keep up in the world today  
You must decide, go or stay  
Leave or be here  
To be part of the crest I have here

The American flag waves up and down  
It sits up there and waves all around  
They see it as a symbol of faith  
And I see it up in flames  
Everred...Everred...

Oh My God!  
NO!

Read about the things people say  
In the articles that come out on Thursday  
One person decides to stand tall  
And I decide to make it fall

The American flag waves up and down  
It sits up there and waves all around  
They see it as a symbol of faith  
And I see it up in flames  
Everred...Everred...

Oh My God!  
How Can You See!  
Something!  
Full Of Beauty!

The American flag waves up and down  
It sits up there and waves all around  
They see it as a symbol of faith  
And I see it up in flames  
Everred...Everred...

The American flag waves up and down  
It sits up there and waves all around

They see it as a symbol of faith  
And I see it up in flames  
Everred...Everred...
