There is no turning back now  
Once you relive these days its over  
Nothing can come back now  
Once you turn away-nothings

(Okay)  
It will all be better tomorrow  
(Okay)  
No one will see your sorrow

When its not the best thing to do  
And the battle begins with a smile from you  
Nobody gets up from their first hit down

Very soon you'll see the day  
Somebody screams and the sound burns away  
Nobody says in one word

Goodbyemylove!

All we can see  
Through our broken mirrors  
Is that's bad and that's all wrong  
But does anyone tell you to stop

NO!

(Okay)  
It will all be better tomorrow  
(Okay)  
No one will see your sorrow

Sorrow! In my veins!  
Sorrow! In my veins!  
Bleeding! Incarnate!  
Retreating! Off the slate!

Very soon you'll see the day  
Somebody screams and the sound burns away  
Nobody says in one word

Very soon you'll see the day  
Somebody screams and the sound burns away  
Nobody says in one word
